Methods:

1. Under this method all claims paid by Medicare fee-for-service and private health insurers over the last 12 months are used. For these claims the sum of all allowable reimbursement amounts is divided by the sum of the associated gross charges.
2. Under this method all claims paid by Medicare fee-for-service over the last 12 months are used. For these claims the sum of all allowable reimbursement amounts is divided by the sum of the associated gross charges.
3. Under this method, the facility sets the amount generally billed (AGB) to the amount the hospital facility determines would be the total amount Medicare or Medicaid would allow for the care (including both the amount that would be reimbursed by Medicare or Medicaid and the amount the beneficiary would be personally for paying in the form of co-payments, co-insurance, and deductibles.)
